LUGGAGE VALET AND ONBOARD CHECK-IN SERVICE

Dear Guest:

Royal Caribbean International is proud to introduce a revolutionary new Luggage Valet and Onboard Check-In Service. This service will help expedite your departure from Miami International Airport or Fort Lauderdale Airport after your cruise vacation, as you will no longer need to check-in at the airport. For a service fee of \$20 per person, your airline check-in procedure will be processed here onboard and airline representatives will be on hand on the pier in Miami to transport your luggage directly to the aircraft.

- Participating Airlines:
Miami International Airport: Air Tran, American, Alaska Airways, Continental, Delta, United and US Airways.
Fort Lauderdale Airport: Air Tran, American, Alaska Airways, Continental, Delta, JetBlue, United and US Airways.
(Any connecting flight must be with the same airline)
- Flights must depart after 11:30 am (from MIA) or after 2:00 pm (from FLL) on the day of the ship's arrival into Miami.
- Your flight must be within the United States (Puerto Rico, Alaska and Hawaii included).
If you meet all of the above requirements and are interested in participating in this service, please complete the registration information on the backside of this form and return it to the Guest Relations Desk, Deck 5, **by no later than noon on Friday.**

Benefits of this service:

- You will depart the ship based in the following schedule:
Guests with flights before 1:00 pm you must meet at **7:15 am in Michelangelo Dining Room, Deck 4** to depart the ship.
Guests with flights at 1:00 pm or later may leave after 8:30 am on their own.
- **Once you have departed the ship, you don't need to claim your luggage. You will merely go through Immigration and Customs with only your carry-on bags. The next time you will see your luggage will be at your final airport destination.**
- You will not need to check-in at the airport, since you would have been checked-in here onboard.

Please be aware that this service is provided by participating airlines and on rare occasions, they may experience difficulties in processing some guest's airline records preventing the ability to print boarding passes and luggage tags onboard. In these cases, it may be necessary for guests to check-in in person at the airport. Should this situation arise, you will be notified as soon as possible. Unfortunately, limited information is available, but it is most likely due to being selected for a random security screening.

Thank you for your participating in this new service. Should you have any additional questions, please feel free to contact the Guest Departure Officer through the Guest Relations Desk, Deck 5, or dial 0.

Sincerely,
Guest Departure Officer
